Coleman Council Regular Meeting

Close to 75 per cent of the sewerage system for the town of Coleman is now installed and work on the disposal plant and pump house has begun.

This information was disclosed to Coleman town council Tuesday evening by engineer Wayne Tizzard of Underwood, McEwan and Associates, who are engineering the project for the town.

Mr. Tizzard stated that work remaining to be done was on main street, second street and in West Coleman, and it was hoped that all sewerage lines would be installed by the end of October.

Work on the disposal plant, the pump house and other phases of the job will continue for several more months. Several water problems, a shortage of material and inclement weather has slowed down the project.

Norman Williams of Tollestrup Construction, who are installing the sewerage system for Coleman advised council that persons were moving and displacing barricades and detour signs set up by the contractors which could prove to be a hazard. Police will be instructed to investigate.

Approval was given for the purchase of quantity of pipe and fittings and the tools used by Banister Construction in maintaining the Coleman Gas Company operation. Coleman has now taken over the operation and maintenance of this utility.

Purchase price of the equipment and tools was \$3275.74.

Gas man Joe Beigun reported that he had checked all of the equipment.

If recommendation is made by an inspector, heaters will be installed in the gas company's regulator house to prevent freezing of the regulators during the winter season.

Councilman Ted Kryczka reported that he and other councillors had visited garages in the Pass with a view to purchasing a new light delivery truck for the use of the gas company. After studying three bids it was decided to purchase a 1966 Dodge truck from Paul's Esso of Bellevue with delivery to be made in seven days.

Several reports of poor drainage are to be looked into.

Council Meet Old Man River Planning Commission

Director J. E. Hartley and Associate Planner T. Matychuk of the Old Man River Planning Commission of Lethbridge, attended Coleman council meeting Wednesday night and presented the town with an analysis of the survey of a general plan for Coleman.

The two representatives ably described the recommendations as shown in the plan for the future expansion of Coleman. The plan covered relocation of business, residential, industrial and recreation areas to avoid many problems that will be encountered by a population explosion over the years to come.

Some of the highlights of the plan included demolishing old residential districts to make way for new, modern business districts and recreation areas. Relocation of homes would centre mainly north of the present Highway 3.

A series of three meetings is being planned for November when council and the Old Man River Planning Commission will go through the general plan presented in detail.

Convention Report Is Given

Mrs. Gloria Oczowski and Mrs. Mary Iwasz, representatives of the Crow's Nest Pass Chapter No. 41 of the Alberta Certified Nursing Aide Association, who attended the provincial convention held in Red Deer, September 19 to 21, gave a report of the convention at the local group meeting this week.

There were 130 delegates and 30 guests at the convention. Theme of the event was "Re-View to Survive".

After greetings were expressed by the mayor of Red Deer, Rev. Symington Mayerthorpe, United Church minister, and also the manager of the Capri Motor Hotel, the convention got underway with speakers including Dr. P. B. Rose of Edmonton, Director of Medical Services Division Department of Public Health; Dr. David Phillips, clinical director and psychiatrist of Alberta Hospital, Ponoka, whose topic was "Sensitivity in Human Relationships".

Talks were also given by Mrs. E. Wilson, minister without portfolio; Miss Jean Gold, president of the Association and Bud Salton, whose topic was the Centennial Program.

Mrs. B. Youngberg Car Accident Victim

Mrs. Brian Youngberg (Linda Johnson) 18-year-old Blainmore woman, was killed instantly and six other persons were taken to the Crow's Nest Pass Municipal Hospital around midnite, Tuesday, Sept. 21, as the result of a car mishap.

The seven persons in the car, four men and three women, were driving on a government maintained road and were proceeding east from Willow Drive, a suburb of Coleman, when the car failed to negotiate a left turn.

The 1955 vehicle missed the corner of a bridge and hurtled over the 50-foot wide McGillivray Creek, clearing the water and plowed nose first into a solid bank on the other side. The car flipped over on its roof, a total wreck.

The car was spotted by a Willow Drive miner who was returning to his home from the afternoon shift. The car was lying on its

roof on the east side of the 8-foot deep creek channel. Hall's Ambulance Service removed the injured to the hospital.

The injured included Barry Allen of Lethbridge and Charles Olsen, Merlin Wyllie and John Bodnar, believed to be of the Lethbridge district; Linda Riviere of Pincher Creek, and Wesdy Roberts of Blainmore. Extensive injuries were sustained, including fractured bones, cuts, bruises, abrasions and shock.

Mrs. Youngberg is survived by her husband of Bellevue; her parents, Ronald F. Johnson and Mrs. R. Rossi of Blainmore. She was born in Windsor, Ont., May 21, 1947, and attended school in Blainmore.

Corner F. S. Radford has ordered an inquest but date has not as yet been set. RCMP police are investigating.

Government Officials Discuss Metro Government

William Ishbister and Bruce Ramsay of the Department of Municipal Affairs of Edmonton, met with Coleman council Tuesday to discuss the feasibility of a metro government or possible county system to embrace the Crow's Nest Pass.

The government delegates were interested in finding out if there were any areas in the Pass such as a Crow's Nest Planning Board, a Crow's Nest Pass water system that could be operated efficiently under one unit to serve the entire Pass. This would be a step towards linking the towns, villages and ID districts in the Pass under one government.

Mr. Ramsay stated that he felt that in the next 20 to 30 years the Pass would be filled from one end to the other with homes and business houses and that the district should start planning now for the future, so that industrial, business and residential areas be set aside for a more progressive growth.

The pros and cons of amalgamating the entire school districts into one unit was brought up and it was pointed out that Coleman, which has new schools, were almost debt free in this respect, while the Crow's Nest Consolidated School District at the other end of the Pass were in heavy debt with their new schools.

Mr. Ishbister pointed out that some day the Pass may want a college or technical school to serve the area and the district would have a better chance of getting one if the area was incorporated into a large district with a large assessment.

Should a system of metro gov-

ernment or county be instituted in the Crow's Nest Pass, Coleman council wanted to know what would happen to their town owned utilities such as the Coleman Light and Water Company, the Coleman Gas Company and the sewerage system.

Mr. Ishbister pointed out that probably some sort of compensation would be arranged for the town of Coleman in such a case. He also pointed out that the greater debts in the Pass towns are for utilities debts which are self liquidating.

Councilman Ted Kryczka stated that he felt that the only way such a form of government should be started would be through a Pass Planning Board and this could be started if other towns in the Crow's Nest Pass would join the Old Man River Planning Commission, of which group Coleman is already a member.

At the conclusion of the informal meeting it was suggested that the government prepare recommendations and a plan for the area that would show advantages to be gained by the formation of a metro form of government or county system.

The facts could then be presented to the citizens of the Crow's Nest Pass for consideration.

Enjoy Pot Luck Supper

The congregation of St. Alban's Anglican Church enjoyed a pot luck supper, followed by a short program in the Parish Hall on Friday, September 24.

Light & Water Co. Approve Construction New Pump House

Coleman Light and Water Company, at its meeting Wednesday night, September 22, approved starting construction on the new pump house as soon as the plans are received.

Approval was also given to purchase 2,000 feet of 10-inch metal water main pipe. This pipe will be used to replace wooden mains. The new line to run from Second Street to areas in West Coleman, will now be relocated on town property instead of on coal company property.

A study of water rates in vari-

ous business establishments in town is being conducted by the Light and Water Company who have had water meters installed at a number of locations around town. Rates are being studied and a new schedule of rates will be put into effect as of January 1st, 1966.

Sister of the Late Mr. A. B. Westworth Pays Visit

Mr. and Mrs. Malcolm Blackwood of Seaford, Sussex, England arrived in Calgary on Sept. 19th. They were met by Mrs. A. B. Westworth, Mr. and Mrs. Arthur Westworth and family of Edmonton and Mr. and Mrs. Paul Rempel of Lethbridge. Mrs. Blackwood is a sister of the late Mr. A. B. Westworth.

Mr. and Mrs. Blackwood, accompanied by Mrs. A. B. Westworth as their guest, journeyed to Banff for a week, on their return to Calgary they left by plane to spend a short visit in Toronto before returning to their homeland.

Legion To Sponsor Essay Contest

The Coleman Branch of the Royal Canadian Legion is sponsoring an Essay Contest for students of the junior and senior high schools. The theme of the essay which is "What Remembrance Day Means To You", will be written by students of grades 7, 8 and 9, and grades 10, 11 and 12.

The Coleman Branch is offering a first prize of \$6.00 and a second prize of \$3.00 in each group. The four winners will then be sent on to a district contest, where the prizes are \$25 for first and \$15 for second.

These are advanced to a provincial contest where prizes of \$75 and \$40 are offered.

The winners of the provincial contest are forwarded to a Dominion level where the grand prize is \$100 with \$50 being the second prize.

The local contest will close on October 22nd. It is hoped that all the students eligible will take part in this contest.

Blood Clinic October 20

Mrs. Anna Fabro, chairman of the Red Cross Blood Transfusion Service of Blainmore has announced that the Fall Clinic will be held at the Crow's Nest Pass Municipal Hospital on October 20.

Afternoon and evening clinics will be held from 1:30 to 3 p.m., and from 7 to 9 p.m. and all donors in the Pass are urged to turn out as there is a great need for blood. The quota for this year has been set at 180 bottles of blood. Last year a total of 172 bottles were given by local donors while the Crow's Nest Pass Municipal Hospital used 204 bottles for patients in the Pass.

Transportation to and from the hospital for persons requiring this service is being arranged.

Funeral Services Held

Funeral service was conducted in Hall's Funeral Service Limited Chapel in Blainmore September 25 for the remains of the unidentified man found west of Coleman on August 24th.

Rev. Harold Coward of Blainmore United Church officiated and interment was made in Blainmore Union cemetery.

The body was found about 50 feet north of the CPR right-of-way one mile west of Coleman by railway crews that were working in the area. It is believed that the man died from natural causes and had been there for several months.

There was no identification on his person other than several photos and some papers that were badly deteriorated.

RCMP police are continuing their investigations to try to find the identity of the man.

Keep your home safe from fire, don't give fire a place to start.

Remembrance Day To Be Observed

At a recent meeting of the local Branch of the Royal Canadian Legion plans were made to observe Remembrance Day Thursday, November 11th.

A parade will be held with marchers forming up at the school grounds and proceed to the Cenotaph where a memorial service will be held.

Mr. Norman Hammer will once again be parade marshal. The Crow's Nest Pass Band with bandmaster Frank Edl will lead the parade.

Fraternities clubs and societies are once again being asked to support our wreath campaign. Merchants will be canvassed also.

Mrs. B. Crippen is chairman of the Remembrance Day Committee and anyone not contacted and wishing to purchase a wreath in memory of a beloved one may get in touch with her. The closing date for wreath orders will be October 19th.

Poppy Day will be observed on Friday, November 5th, when taggers will be selling the traditional symbol of the sacrifice made on our behalf by all those who laid down their lives in order to ensure us a safe and happy world.

As plans are finalized as to parade and services this information will be published.

It is hoped that all veterans will turn out and support this campaign and also take part in our parade and Cenotaph services as well as the general public.

Have you ever seen a child alone — inside himself — mentally sick and in need of help? There are a hundred thousand of them in Canada, some as young as two or three years of age. Do YOU care?

If you do write for the free pamphlet "A Child Alone in Need of Help", from the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

number will be over the 500 mark by the year end.

Insurance rates to cover the town's utilities will be studied at the next meeting of council.

Rates to be levied for commercial buildings hooking onto the town's sewerage system is to be brought up for discussion at a future meeting.

Third reading was given to By-law 348 authorizing the town to borrow up to a total of \$150,000 from the Bank of Commerce for sewer payment purposes.

Cars Derailed In West Coleman

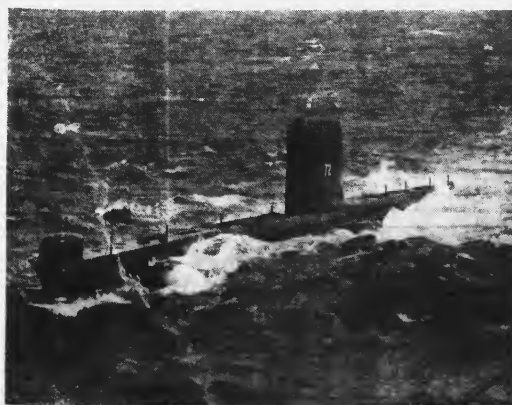

Extensive damage was done to four CPR gondola type cars and two boxcars that jumped the track in West Coleman Thursday afternoon, September 23.

No one was injured in the derailment. The cars, proceeding east in the rail yards were on a side track and appear to have hit an open rail.

Rough freight was hauled in the cars that were loaded.

Crews worked round the clock to right the cars and clear the track.

Don't wait until fire starts — plan at least two escape routes from each room with your family NOW.

NEW SUB FOR CANADA — The submarine HMCS Ojibwa, shown here during trials, will be commissioned into the Royal Canadian Navy at Chatham, England, Sept. 23. The Ojibwa is the first of three Oberon class submarines on order for the RCN. The Ojibwa displaces 3,000 tons, is 295 feet long and designed for both arctic and tropical service, and is capable of high underwater speeds. She will be employed on Canada's east coast for training of surface and air anti-submarine units of Canada's Maritime Command. (ROYAL NAVY PHOTO).

Fire Prevention Week, October 3 to 9

"WHY?"

Colorful posters displayed across Canada are asking in big block letters—WHY? As this is Fire Prevention Week it is a good time for this journal to ask its readers, and for all of us to ask ourselves the same question—WHY? WHY did almost 600 Canadians die in fires in 1964?

WHY did last year's fires in Canada destroy property worth almost 150 million dollars?

WHY have almost 2500 Canadian children died in fires in the last 10 years?

WHY did Canadians have well over over 80,000 fires last year?

WHY did most of these fires occur in homes?

Why indeed! Such a simple question deserves a simple answer, and, just as the question is posed by a single three-letter word, the answer to the problem of fire in Canada can be found in another common three-letter word—YOU!

Why you? Because it is a simple fact that over 90 per cent of all fires are caused by human carelessness. Either someone does something that he or she should not do, or neglects to do something that he or she should do and, quicker than you can say "Fire Prevention", we have a new set of statistics.

Why - oh - Why - in the face of rising levels and standards of education, must Canadians continue to be so stupid when it comes to the elementary principles and practices that are all that good Fire Prevention requires?

WHY do Canadians insist on leaving children unattended?

WHY do Canadians insist on the hoarding of combustible junk in quantities that stagger the imagination?

WHY do Canadians persist in overloading and over-using of electrical circuits?

WHY do Canadians resist buying fire alarm systems and extinguishers?

Sure—Canada holds the world record for the highest per capita fire loss record, and has held it for many years now. But isn't it about times that Canadians do something about this national disgrace and let someone else have the record for a change?

Experts estimate that the annual cost of FIRE in Canada, both direct and indirect, is not less than \$750,000,000, and that each citizen's share of this ridiculous figure is \$38.99!

Who among us would turn down

a cash gift of \$40.00, and yet millions of Canadians do so year after year, simply by insisting on the foolish belief that FIRE PREVENTION is strictly for others.

Well, folks, while it may come as a surprise to many, FIRE PREVENTION IS everybody's business and the sooner we all realize and accept this fact, the better off we will all be.

Fire can only continue to hit "the other guy" for so long! — Sooner or later the law of averages is bound to make your home, your business or your family a possible target, and whether the question "WHY?" then comes to your lips or not, is obviously up to YOU!

Learn all you can about FIRE PREVENTION and put what you learn into practice—very day!

Game Regulations For Private Pheasant Hunting

The Hon. H. A. Ruste, Minister of Lands and Forests, announces that Game Regulations, designed for the control of private pheasant hunting in Alberta, were passed by Order-in-Council dated September 21st, 1965.

Patterned after established regulations that provide for the operation of private game bird farms, the new regulations permit the issue of licences for controlled shooting of pen reared pheasants, released for hunting on private lands.

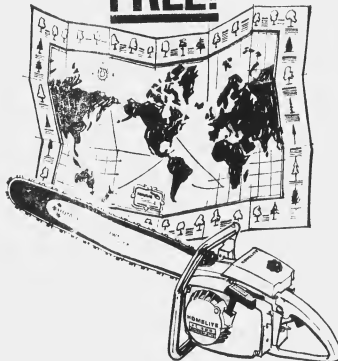

The regulations set an annual licence fee of \$100 and detail other measures designed for the orderly development of this form of hunting in Alberta.

An applicant is required to be a resident of the province and must provide not less than 160 acres and not more than 640 acres of land in one parcel for use as a controlled shooting ground. Rules for posting land so used and for controlling the proximity of one game bird farm to another are specified. Dimensions, materials and capacity of bird rearing pens are provided. Rules for bird identification, poultry disease inspection and records of birds shot are laid down.

The regulations prohibit shooting pheasants on private pheasant hunting grounds on Sunday and limit the hours of shooting to the standard bird hunting period, one-half hour before sunrise to one-half hour after sunset. Patterns of controlled shooting grounds are not required to have an Alberta Bird Game licence.

The first newspaper advertisement, in our modern sense of the word, appeared in 1647.

The Canada Pension Plan and its benefits

Here is what
the Canada Pension Plan
will do for people like Joe Costello,
a 52-year-old unmarried labourer
who earns \$50 a week.

If Joe continues to work full time until age 65 he can look forward to retiring with a monthly pension of \$54.16 from the Canada Pension Plan and \$75 from Old Age Security—a total of \$129.16. That's almost 60% of what he was earning.

If he is ill or out of work for as long as two years, or if his earnings for a period of up to two years are below his regular wage, he will receive the same pension at age 65. This is because under the Plan a certain number of

months of low or no earnings do not affect the amount of the pension.

If Joe wishes to continue working between 65 and 70 and earns higher wages than previously he can improve his pension. For example, if he works until age 69 and earns \$3,600 a year, his pension will be \$61.74 a month instead of \$54.16.

If Joe becomes disabled after 1970, having contributed for at least 5 years, he will get a disability pension of \$65.62 a month until he gets both his retirement and Old Age Security pensions at age 65.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Joe Costello, are employed and have earnings of \$2,600 spread evenly over the year, you will pay at the rate of 69¢ a week. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by
authority of the Minister of
National Health and Welfare,
Canada.
The Honourable Judy LaMarsh.

Sacred Candidate For Macleod

Ernie Patterson, Federal Social Credit candidate for the Macleod Riding, announced today that his Official Agent for the federal election will be Mr. Glen Lett, principal of Claresholm high school.

Mr. Patterson also states that his campaign office will be located in the Fraser Block on 49th Ave. South in Claresholm, and that his office manager will be Mr. William Day of Claresholm.

The Social Credit candidate also stated that he is willing to participate in as many F.U.A. forums as possible despite the fact that some of his opposition candidates are rather reluctant about partici-

pating. The F.U.A. has been very fair in previous campaigns and I believe that if a candidate has something to say he should be willing to defend his statements before his opponents, said Mr. Patterson.

The election forums give the busy voter a chance to compare all of the candidates at one time, and I believe that every candidate should try to accommodate his voters.

(Signed) **ERNIE PATTERSON,**
Federal Social Credit
Candidate for
Macleod.

A Modern Miracle

Long years of research have resulted in the successful and large

scale production of chemical compounds whose names have become household words. The life-saving properties of penicillin, chloromycetin, etc., are known to all and they have rightfully received the publicity and acclaim which is their due.

However, with each succeeding discovery one feels that there is a tendency to forget older methods which are used in the saving of human life. With nearly half a century of successful practice and approximately 2,000 years of history behind it, the technique of Blood Transfusion is probably saving more lives at this time than all the so-called "miracle drugs" put together.

Especially remarkable during the last 20 years or so is the

scope and application of transfusion, which has grown to such an extent that the National Blood Transfusion Centres are faced with the constant problem of maintaining vital blood supplies to the hospitals. Just imagine — nearly two blood transfusions are given every minute of the day and night throughout the year over the whole country. Whilst you read this, a mother in childbirth, her baby, someone who has met with an accident or perhaps an elderly person suffering with an illness or disease, is receiving the substance of life itself.

In 1656, Sir Christopher Wren spent much of his time in research on this subject. Dr. James Blundell in 1824, was the first to perform a successful transfusion at Bristol, England, saving his patient's life with the administration of 35 pints of blood within a few hours. In 1901 Dr. Landsteiner in his laboratory in Vienna was the first to discover the blood groups and thus opened the gateway to successful transfusion everywhere.

But at no time have those of the Red Cross Blood Transfusion Service, as we know it today, failed to appreciate the most important and basic fact of all. That is, no transfusion is possible without the practical co-operation and sympathetic understanding of men and women who have sufficient regard for the lives of all their fellow human beings to spare a few minutes of their time and a small amount of their blood.

Human blood cannot be synthesized or manufactured and still retain its essential properties.

The position of the blood donor is analogous to a great extent to the man or woman who purchases a life insurance policy by quarterly or annual premiums.

The Red Cross Blood Transfusion Service offers such a policy: your life is assured as and when necessary by the receipt of a blood transfusion. The premium payable? A small amount of blood, which you can easily spare, once or twice per annum. The "safety" clause? You may cease your payments whenever you wish in the knowledge that the policy will always remain in force.

Who among us is not interested in good health—physical and mental? And they do go together, you know, the physical and the mental. Your Mental Health Association distributes a free pamphlet, "You're Guide to Good Health", that you will find enormously helpful. Write today to the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

As you one of those who believe that the teen ages are not a stage in life, but a psychiatric diagnosis? Relax — teen-agers are people, too. If YOU find YOUR teen-ager difficult, ask for the free booklet "Growing Pains" from C.M.H.A. — that's the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

To Voters of Macleod Constituency

In dealing with matters affecting Macleod Federal Constituency, whether from an agricultural or industrial standpoint, I have during my seven years as your Member of Parliament taken a positive stand which has resulted in many benefits. Local affairs are of vital interest and require close and persistent attention. This has been my foremost consideration.

In NATIONAL AFFAIRS as a Member of the Progressive Conservative Party, the all important subject of national unity is uppermost to ensure the progress and welfare of the entire Dominion, in place of indecision and evasiveness of the Liberal government, and corruption peddling influence. REMEMBER these facts. The time is ripe for the return of a strong P.C. majority on November 8th, and a vote for Lawrence E. Kindt will help to reach this objective.

Letter to the Editor

Waterloo, Que.,
Sept. 23, 1965.

Dear Mr. Holstead,
Coleman Journal,
Coleman, Alberta.

Am enclosing cheque for \$2.50 for renewal of The Coleman Journal.

Looking forward to each copy with news of friends and Coleman doing is one bright spot of my arthritically confined way of life.

Everything doing very well here in the East. "Expo" 1967 site in the beautiful St. Lawrence shaping up. Will really be unique when completed.

A plug for "Expo". Better plan to come down, Tom.

I hope you and family are well.

Sincerely,
Gladys A. Lord.

Motor Vehicle Registration

The Hon. Gordon E. Taylor, the Minister of Highways, has issued a reminder to applicants for motor vehicle registration that the question "Do you have the necessary insurance coverage?" must be answered "Yes" or "No". Failure to answer this question will result in rejection of application.

Any person who makes an application for a motor vehicle registration declaring that he has insurance, when in fact there is no insurance is liable to a penalty of \$500, the minister said.

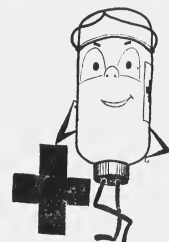

Those who purchase a "green" certificate by making a contribution to the Claims Fund are reminded that there is absolutely no liability protection provided. The "green" certificate does not provide insurance coverage.

Police checks are again being intensified and when stopped by patrols, drivers will be asked to produce:

- (a) operators license;
- (b) vehicle registration certificate and
- (c) "Pink" card or in the alternative a "green" certificate.

Drivers should have these documents ready to produce when requested by the Peace Officer. This will avoid unnecessary delay or the possibility of having a summons issued for failing to produce any one of these documents.

There is preserved in the British Museum an almanac which dates back 1200 years before the birth of Christ.

A

Blood Donor Clinic

will be held in the

Crowsnest Pass Municipal Hospital

on

Wed., October 20

from 1:30 p.m. to 3:00 p.m. and 7:00 p.m. to 9:00 p.m.

You will find it a satisfying experience to attend and bring a few friends along.

PLEASE NOTE that the Clinic will be held in the C.N.P. Hospital and not the Elks Hall, as on previous occasions.

The Federal Government wants to give you **\$500.00 CASH** just for buying a **WINTER-BUILT HOME**

Once again, the Government of Canada is offering this special incentive to increase winter employment by encouraging the construction of Winter-Built houses. Any house certified "Winter-Built" by Federal government inspection will earn you a \$500.00 rebate.

HERE'S HOW YOU QUALIFY

- You can build your own home
- You can have it built for you
- You can buy one ready-built
- It can be a single dwelling or multiple structure of not more than four units (each unit qualifies for the \$500 incentive).
- Work must not proceed beyond the first floor joist stage before November 15, and the home must be completed before April 15, 1966, except for outside painting and site improvement.

HERE'S WHAT YOU DO

You can pick up a pamphlet containing full details, and registration forms at your National Employment Office, any Central Mortgage and Housing Corporation office, or in post offices where there are no N.E.S. or C.M.H.C. offices. Or, your builder can do this for you. You'll be in your new home by Spring... save rent... make yourself \$500.00.

DO IT NOW! Have your home Winter-Built!

Issued by authority of Hon. Allan J. MacEachen, Minister of Labour, Canada.

Town of Coleman Gas Rates

Effective from October 1st, 1965, the
Gas Rates will be Lowered

as follows:—

RESIDENTIAL From 60c per M.C.F.

To 55c per M.C.F.

VIEWING HIGHLIGHTS FOR THE COMING WEEK

OCTOBER 9th - 15th

This week the World Series continues to either highlight the week's viewing or disrupt the regular schedule depending on your interest or lack of interest in the yearly baseball classic.

Games are scheduled for Saturday, Sunday and Monday afternoons in the home park of the National League pennant winners, the Los Angeles Dodgers, the games will start later in the afternoon than do the American League home games from Minnesota.

Tuesday, October 12th will be a travel day for the competing clubs and then the series will conclude with sixth and seventh games, if necessary, in Minnesota on Wednesday, the 13th and Thursday the 14th.

The next U. S. hour long variety special to be seen on Show of the Week will be the Steve Lawrence Show, Monday, October 11 at 9 p.m. Steve's guests will be singer-actor Bobby Darin, comic Soupy Sales, and Mrs. Lawrence, the vivacious and talented Eydie Gorme.

A John Hopkins play, which the London Observer has described as this young English dramatist's strongest and best TV work to date, will be presented on Festival on Wednesday night, October 13 at 9:30 p.m. Entitled Horror of Darkness, it will star Neil McCallum, the distinguished Canadian actor and film producer, now living in London and Jonathan White. It will also introduce 23-year-old Torontonian Susan Clark to the network audience in her first major role.

The story revolves about the lives of a young couple thrown out of a young man who arrives unexpectedly and stays indefinitely.

What is it like to be young and growing up in a Communist society? Intertel will take a searching look at the teen-agers of Czechoslovakia on Thursday, October 14th at 8 p.m. The program will be produced by Intertel's British member, Associated Rediffusion.

For this study of Communist youth Czechoslovakia was chosen for several reasons—it is the westernmost of the Communist states with close historical and cultural ties with Western Europe; it is a sophisticated, industrially advanced country, and the young people in their late teens, unlike the older generations, have never known any other way of life but Com-

munist.

The CBC's free time political telecasts for politicians campaigning for election in the upcoming November vote will begin this week. There'll be a Progressive Conservative program at 10 p.m. Monday, followed by a Liberal one at 10:15 p.m. Tuesday at 9:30 p.m. "The Men and the Issues" will cover the Creditiste party. On Friday evening 8 p.m. there will be another Liberal candidate on camera, followed at 8:15 p.m. by a Progressive Conservative candidate. Of necessity many regularly scheduled shows will have to be pre-empted for these free time telecasts for the next month.

Only five years ago champion jockey Ron Turcotte was cutting lumber for a living in his home town of Grand Falls, New Brunswick. His only contact with horses was with the nags which hauled the lumber off to the sawmill.

Since then Turcotte has become the most outstandingly successful race rider in Canada. His success story will be told on CBC-TV's Telescope this Thursday at 9:30 in a program entitled "To Win a Million". The title refers to Turcotte's ambition to win \$1,000,000 in stakes races in one year.

Old Age Pensioners Hold Meeting

The regular monthly meeting of the Coleman branch of the Old Age Pensioners and Senior Citizens was held recently when the report of the national convention was read by secretary Nora Goulding.

Reports indicated that the ranks of the local group had been reduced by five deaths among members. The group's charter was draped and members sang "Abide With Me" in memory of the deceased members.

Mrs. J. Rushion was elected press correspondent to provide information for a News Letter that is to be published monthly by the Association.

An evening of bingo was then held after which the 25 members sat down to a pot luck supper lunch.

Elks Name Bingo Winners

Winners of prizes at the Elks bingo were:

Grocery hamper, Mrs. E. Rivard.
\$15 gas, Mildred Johnson.
Waffle iron, Mrs. Pisony.
\$25, Roy Gingsas.

Transistor radio, Betty Aschacher.

\$10, Mrs. H. Holub.

Grocery hamper, Grace Rodin-yak.

Occasional chair and stool, Mrs. Cozzi.

\$5 each, Mary Latka and Harry Gale.

\$30, Mrs. Sayer.

Nine-piece chrome set, Joe Zak.

\$15, Mike Amatto.

\$6 each, Mrs. Cozzi, and Mrs. Vanderbeck.

The next bingo will be held October 8th when a \$200 cash bingo in 56 numbers besides the other prizes, will be offered.

New Appointments

The Directors of Calgary Power Ltd., announce the election of G. H. Thompson as Chairman of the Board; A. W. Howard as President and E. J. Chambers, Q.C., as Vice-president and General Counsel. The position of Chairman of the Board has been vacant since the death of Doctor G. A. Gaherty last year.

Mr. Thompson has had a long and distinguished career in the power industry in Canada, joining Calgary Power Ltd. in 1925. He was appointed General Manager in 1930, and President in 1939. In 1944 he was awarded the Julian C. Smith medal for "achievement in the development of Canada".

Mr. Howard, who was born and educated in Alberta, joined the Company in 1935. He held the position of General Manager from 1932 and was appointed Vice-president in 1939.

A senior partner in the Calgary law firm of Chambers, Saucier & Co., Mr. Chambers has been a director of Calgary Power Ltd. since 1964 and has been closely associated with the Company for over 40 years.

Lions Name Bingo Winners

The \$50 prize at the Lions bingo night was split between Mrs. C. Jenson of Bellevue, and Frank De-Cecco of Coleman.

Turkeys were won by Mrs. Jasper Jones, John Russell, Mrs. Berduco, Darlene Salant, Nellie Stonely and Mrs. Graham Atkinson.

The \$12 prizes were won by Mrs. Gray, Mrs. Ivan Johnson, Sofie Lepacek, Eric Gudmundson and Doreen Collings.

\$10 prizes by Mrs. H. Cox, Rita Lalonde, Mrs. R. Parry and the \$5 prizes by Mrs. Robutka, sr., Mr. M. McKinnon, Mrs. Gordon Fisher and Mrs. Audrey Bonne.

The next bingo night will be held on October 13th when a \$100 cash bingo to go in no number limit, two \$25 bingos, five \$12 bingos and five \$10 bingos will be offered.

Card of Thanks

I would like to express my sincere thanks to all those who attended and donated to my shower. A special thanks to the hostesses for helping to make it such a success.

Mrs. John Garbair.
(nee Carol Labutte)

To The Electors of The Town of Coleman

Having been nominated for the office of Councilor, I promise if elected, to work for the interests of the people of Coleman to the best of my ability.

JOHN M. JENKINS.

Mr. and Mrs. George Kabin of Edmonton visited Mr. and Mrs. T. Kovach.

Mrs. A. B. May of Medicine Hat is visiting her daughter and son-in-law, Mr. and Mrs. Kerr at the Chinook Motel.

Mr. Roy Kovich and brother of Lethbridge visited their uncle and aunt Mr. and Mrs. T. Kovach. While here they enjoyed a hunting trip in the Pass.

Mr. and Mrs. Steve Milan have returned home after a three month holiday in Europe, visiting Mrs. Milan's sister and other relatives and friends.

Renewal subscription was received from Mr. and Mrs. A. Beveridge, now residing in Calgary, stating they enjoy reading the old home town news. We were sorry to hear that Mrs. Beveridge has not enjoyed good health this summer. Old friends in Coleman wish her a speedy recovery.

Mr. and Mrs. Orval Hoptonstal of Idaho, U.S.A., called on Mr. and Mrs. T. Holstead last week. They were enroute to Pincher Creek and Fort Macleod to visit friends and relatives.

Mrs. M. Antel is visiting in Calgary with her sister, Mrs. Agnes McLeod.

Mr. J. (Jim) Wilson of Lethbridge, a former Coleman old-timer, was recently involved in a car accident and was seriously injured. He is a patient in the Lethbridge Municipal Hospital. His friends in Coleman wish him a speedy recovery.

Jury Rules "Accidental Death"

Accidental death with no blame attached was the verdict returned by a coroner's jury investigating the September 22nd mine accident death of Kenneth Larry Root of Blairmore in the Coleman Collieries Vicinity Creek mine.

A recommendation was also made by the jury, under direction of Coroner F. S. Radford, that a Safety Inspection committee be appointed.

The inquest was in Blairmore court house September 30th.

The jury comprised foreman Lorne Chrysal, Cliff Letcher, Daniel Coccione, Gordon Naegle, Ben Fontana and Edmond Lofstrand. Representing the Mines Branch were District Inspector I. N. Potter of Lethbridge and John Dutton of Edmonton.

Dr. Victor Martinez of Coleman, who examined the deceased, stated that death was due to suffocation. There were no major internal injuries and no major chest damage.

A plan of the mine area was provided by mines surveyor John Kinnear and evidence was given by Ernest Lawrence, a fire boss; Fred Varga, a miner; Sam Sandulak, a timber packer; Louis Hucik, a fire boss, and Peter Meronuk, a mine safety committee member.

Evidence given indicated that Root and his partner Sam Sandulak were hoisting timber to miners working in an area of 56 chute. The pair were removing a check-board across a chute to move it to another spot. The check board was nailed to upright timber props on both sides of the chute.

The pair had used a 'tugger' (small air hoist to haul props and timber from the entry to the miners' upchute), to try to jerk the check board loose. Sandulak was operating the 'tugger' and Root was standing near the check board. Sandulak said he gave one tug with the hoist then he saw something falling and hollered to Root to "look out". Sandulak was knocked over and when he regained his feet and looked around, the area was buried under coal. He started to look for Root and got help from other mine workers.

Root was found about a half hour later buried under coal. It is estimated about 20 to 25 tons of coal came off of the rib of the mine tunnel.

Root, 18 years of age, had only worked in the mine for several weeks. Besides his parents Mr. and Mrs. Ray Root of Blairmore, he is survived by four brothers and one sister.

Funeral services for the late Kenneth Root were held on Saturday, September 25th at 9 a.m., with Requiem High Mass cele-

brated from St. Anne's Catholic Church in Blairmore. Interment followed in the Bellevue Catholic cemetery. Prayers were said in Fantin's Hillside Chapel on Friday evening at 7 o'clock.

Pallbearers were Robin Rae, Carman Blafore, Allen Draper, George Kelly, Jack Kinnear and Don McGregor.

Jehovah's Witnesses Return From Assembly

Mr. W. L. Krish, presiding minister of Jehovah's Witnesses in Coleman, has returned from Lethbridge with many from his congregation who assembled with more than 600 others on Sunday afternoon to hear the stirring discourse "What Does the Resurrection of the Dead Mean For You and Yours?", delivered by Mr. A. M. Didur of Toronto.

Mr. Krish stated "The speaker from the onset of his talk pointed out that a resurrection of the dead is certain, the ransom laid down by Christ Jesus providing a legal basis."

"Using the scriptures as the au-

thority he showed how the fulfillment of Bible prophecy identifies the time for resurrection as now being at hand." He concluded, "Mr. Didur urged his audience to learn more concerning God's promise through a study of the Bible, applying its principles in their daily lives."

Instant happiness! Read a book or a pamphlet and then live happily ever after! This is what some of us yearn for, but it's not quite that simple. But some people do seem to have a formula—a philosophy—that helps them to live happy, useful lives. Dr. Will Menninger has given us his personal guide lines in a pamphlet entitled 'Seven Keys to a Happy Life'. — You may have it, free, by writing to the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

For your own safety and that of your family, don't give fire a place to start.

The C. W. L., Coleman will hold their

Fall Tea

and

Bazaar

in the Catholic Hall, on

Sat., Oct. 16

from 2 to 5 p.m.

Everybody Welcome

To The People of Coleman

If I am elected on the Council on Wednesday, October 13th, I will do my best to carry out the wishes of the people to the best of my ability.
